10 YEARS OF No.19

To date No.19 Music has released works from over 150 of the most influential, electronic artists, from across the globe. As the label approaches it's 10th year in 2018 No.19 has become one of the most sought after, contemporary imprints in dance music today. Over the past decade the label has seen a string of celebrated producers showcase their talent with the likes of Mathew Jonson, Martinez Brothers, Guy Gerber, Radio Slave and Dennis Ferrer all providing remixes along side original material from label stalwarts such as Art Department, Nitin, Jamie Jones, DJ Sneak, Jade, Mr. G, Hector, Martin Buttrich to name but a few, all the while continuing to develop new talent from all corners of the earth.

Social Experiment, the name now synonymous with the recent inception of the vinyl-only label has been the brand of highly successful No.19 Music record label showcases that have been one of the most in-demand events for club and music festival promoters around the world. Over the past 10 years, these events have been held at some of the most prestigious clubs & festivals including The BPM Festival, Sonar, Fabric, Panorama Bar, Warung, Pacha & DC-10.

The No.19 label has released music from over 150 house & techno artists which the label will draw upon in curating a series of 10-year anniversary events that will showcase both the core artists and the extended musical family that have made a significant contribution to the label.
